to select to select how you want to receive school communications.

Links to SchoolMessenger can also be found on individual school Web sites, or the district's home page at:

http://www.jeffcopublicschools.org/parent_portal/.

For additional information, call Jeffco Public Schools Communications Services office at 303-982-6808.

Jeffco Public Schools and SchoolMessenger® - keeping you informed about your student's education.

Jeffco parents can use SchoolMessenger to receive notices about closures and emergencies, grades, absenteeism and school events delivered via telephone, e-mail and text message.

Parents can now choose how they would like to receive important school messages.

How SchoolMessenger Works

Parents simply log on to:

<https://contactme.schoolmessenger.com/?u=jeffersoncsd1>

click on the *sign up now* link and follow the instructions to access their accounts, which were created based on information provided at school registration.* Once an account has been confirmed, parents can designate up to eleven contact points and select a language for communications.

Parents can even use SchoolMessenger's convenient system to go back and review any missed messages.

*Initial contact information in SchoolMessenger is created from Student Information Cards completed at registration. Parents should always update Student Information Cards at their child's school and SchoolMessenger online.
